

"I CAN'T EVEN IMAGINE NOT HAVING THE SCHOLARSHIP"

For Dedra Houston, the Corporate Tax Credit Scholarship Program helped put an end to her son's problems in school. With failing grades, seven-year-old Morris was held back in the second grade.

With the Corporate Tax Credit Scholarship Program, however, Dedra was able to put Morris in a new school... a nurturing environment where the teachers gave Morris the confidence that he could do well.

At the new school, Deidre saw significant changes in her son. He did very well on his standardized tests, scoring average or above average in every subject area, and he made honor roll four out of five grading periods.

The Corporate Tax Credit Scholarship Program has given Morris – and more than 13,000 Florida students like him – a chance to "Step Up" toward a better future.
